Bill Medley Bio:

Bill Medley is the Manager of the GTSI Web Solutions Group. Mr. Medley has over 15 years of experience as an Information Technology solutions specialist. His primary focus is in the area of strategic Internet based solutions at the enterprise level for commercial and government organizations. Mr. Medley has provided web-based crisis management solutions to major energy clients, chemical companies, and government agencies. Currently, Mr. Medley is engaged in educating clients on the relationship between enterprise architecture planning and effective crisis management. Mr. Medley is a graduate of Drexel University with a B.S. in Computer Science.

Networking and closing discussion amongst the crowd followed the presentation.

We agreed to announce future AFCEA Membership meetings – to be held every 3rd Thursday -- via email/website. We discussed "locking in" the O'Club location and meal pricing -- C. Tallent to explore. Chuck also to explore the next Speaker for April luncheon, (FBI briefing on: "INFRAGUARD").

Chuck concluded the luncheon with a thanks to Pat & Team for the WEB page, we received a thumbs up from Dave Perry in regards to him becoming our new PAO, and last, but certainly not least, Chuck T. thanked all for anything they had to do with the first luncheon! Chuck stated no minutes would be posted, but we would post Bill Medley's presentation on our WEB page.

The meeting was adjourned at approximately 1:15pm.
