The Blue Angels Pensacola Chapter of the Armed Forces Communications and Electronics Association (AFCEA) held an informal meeting of its board of directors over lunch at IHOP Restaurant, Navy Blvd. Pensacola, to discuss planning and funding for educational programs, fundraisers, and the September chapter meeting.

In attendance were:

President: Sandy Rouden

1st VP/PAO: Robyn Philips

VP of Membership: Bob Sprowls

Secretary: Allan Alderman

Officers present agreed to reschedule the June meeting (which had to be cancelled due to the fact that the speaker, Brett Hoff of Open Source Enterprises, had been injured and would be recovering from surgery on the day of his presentation to us) for September 20. Secretary Allan Alderman will update the meeting announcement and notify by email all of the people who had registered for the June meeting. The September 20 meeting will be held at IHOP, 19 N Navy Blvd., Pensacola. For the September 20 meeting, VP of Membership Bob Sprowls will bring the projector. We still require a projector screen.

The Officers reviewed VP of Fundraising Chuck Staton's report on the status of the golf tournament and discussed the possibility of purchasing ad space for the tournament. This issue is still open.

The Officers discussed partnering with Emerald Coast BEST (an engineering and robotics competition), but decided that it was out of scope—this is a topic better served by a civilian-focused group, and therefore referred BEST to ITGulfCoast.
